CALL FOR PRESENTATIONS: CUTTING-EDGE COLD OCEAN TECHNOLOGIES AND APPLICATIONS

Take your research and ideas further at this special edition Industry & Research Connector, held as part of Innovation Waves 2025.

In partnership with Oceans Advance, Springboard Atlantic and the Ocean Startup Project, the Research Innovation Office is excited to announce a call for presentations related to Cutting-Edge Cold Ocean Technologies and Applications. This connector invites attendees to exchange ideas and connect with potential partners who are ready to explore cutting-edge cold ocean technologies and their applications in some of the harshest environments on earth.

We invite researchers to submit proposals for presentations that align with the theme: Cutting-Edge Cold Ocean Technologies and Applications

Presentations are limited to 5 minutes.

- Please submit an abstract of up to 300 words outlining your proposed presentation to rio@mun.ca.
- Include a brief biography (up to 150 words) highlighting your relevant experience and affiliations.
- **Submissions are due by Friday, November 14, 2025.**
